

Take the Subway for Digital Transformation.

What's the easiest way to get from A to B? This is a question we ask ourselves regularly in a variety of contexts. Crucial to a successful transformation from our baseline (A) to our target state (B) is an comprehensible route map and these 5 stages.

THE TRANSPARENT ORGANIZATION
creating transparency

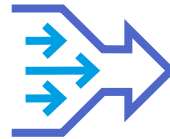

THE MEASURED ORGANIZATION
recognizing potential

THE AGILE ORGANIZATION
leveraging agility

THE VALIDATED ORGANIZATION
reducing complexity

THE PRACTICABLE ORGANIZATION
achieving goals

THE SUSTAINABLE ORGANIZATION
developing sustainability

Focus on the Essentials for an Agile Organization with Prolaborate.

With Prolaborate, you maximize the value of enterprise architecture, lay the groundwork for decisions, and get the fastest from A to B.

CREATING TRANSPARENCY SIMPLIFYING ARCHITECTURE WITH PROLABORATE

You have EA models in your company and would like to make them more transparent, more visual and more tangible for different target groups and information requirements? We show you with your existing EA models how to solve this task with Prolaborate.

YOUR CHALLENGE

How does the information we elaborate with Enterprise Architecture get to our stakeholders?
How can data be provided easily, quickly and consistently?

YOUR BENEFIT

- Information is automatically aggregated - for clearly defined information needs
- Information exchange at the right time, with the right level of information for the next decisions
- Fewer reviews, fewer error sources and fewer tool breaks due to the integrated way of working

OUR METHOD

3 steps for more transparency in your architecture models.

1. Model review and efficiency of the modeling approach
2. Implementation of Prolaborate
3. Definition and configuration in Prolaborate

DURATION

OUR PROJECT VOLUME

- Step 1: 2-10 days
Step 2: 1-2 days
Step 3: 2-5 days
